NOW WAIT 'TIL YOU HEAR THIS...

Back in the beginning of the summer, CEO Donna entered the credit union into a Shark-Tank-inspired competition, called "Piranha Pool", set to take place at Alloya Corporate FCU's Leadership Symposium in Las Vegas in September. Around mid-August, Donna received a phone call -- NRFCU had been chosen to present our product, Swipe & Save, against another credit at the symposium in Las Vegas in three weeks...in front of 300+ credit union representatives and a Shark Tank Shark himself, Daymond John! Our Marketing Director, Katie, and Donna prepared for the presentation, and off they went!

The two presented NRFCU's Swipe & Save program, answered questions from a panel of "sharks", and ended up taking home \$10,000 for the credit union to invest into the program!

Alloya invites symposium attendees to tour the Las Vegas Raiders' brand new Allegiant Stadium (left). Katie meets boxing legend Sugar Ray Leonard (right).

MEMBER APPRECIATION & CREDIT UNION WEEK!

Q. What are some fall tips for our furry friends?

International Credit Union Day is October 21st.

We're celebrating all week long!

Now that fall is in full-swing, there are a few important things to remember that will help keep your pet safe this season and into the holidays!

- Fall celebrations like Thanksgiving and Halloween often mean that you will have visitors in your home. If you have a pet that has special needs or is wary of new people, be sure to tell your guests about your pet before they come over! And if your pet is in distress while you have company, try taking them to a separate room to calm down. Sitting with them for a few minutes can really help!
- Decorating our homes is always the best part of the holidays! But be careful of your decor - shiny new decorations look like really fun toys to our pets. Make sure decorations are out of reach because many of them contain toxic metals and can become choking hazards!
- The fall and holiday seasons are known for the delicious sweets and treats that we enjoy. Make sure any human food is out of reach of your pet. Things like chocolate, bones, raw dough, and some fruits and vegetables can be very dangerous and life threatening to our animals!
- Let your pet's coat grow out! If you usually cut your pet's fur short during the summer, it may be a good time to let it grow out a bit this fall. Just like humans, our pets need a winter coat, too!
